## Accommodation

The building is accessed from a large secure access door to an entrance lobby leading through automated folding doors on to a wheelchair accessible ramped corridor linking the former banking hall area and offices to the rear of the building. A security partition remains in place in the banking hall to separate the public areas from the cashiers area behind. The cashiers area leads to a staircase down to the basement strongroom which includes a large secure steel door and multiple safes for secure storage. The remainder of the ground floor includes multiple office/meeting room areas, storage rooms and a toilet facility to the rear. A centrally positioned ornate staircase and lobby area provides access to a large lightwell with an outbuilding for external storage and stairs leading up to the upper floors. The first floor of the building includes a large open plan room to the front with a decorative ceiling cornice and large sash windows to the front overlooking the town square with spectacular views of the town's 13th century medieval castle behind. The remainder of the first floor includes multiple rooms for office/meeting, staff/welfare and storage and communications. There is a large external lightwell/balcony area to the rear of the premises with glazed doors off one of the meetings rooms. The staircase continues up to the second floor which consists of multiple storage rooms. There is a further narrow staircase leading to a third floor space which has been used for storage in the past but does not appear to have been in use for some time. The majority of the building has been modernised over the years to include an air source heat pump and air conditioning for heating and cooling together with upgrades to lighting and other mechanical and electrical systems.
