Accommodation (PLOTS 1 & 2)

A dividing fence will be required to separate Plot 1 from Plot 2 as well as blocking up of the roller doors to the building in Plot 2. Water and electricity supplies are required to this plot together with foul drainage. The Seller is seeking quotations from utilities companies for services up to the plot boundary from Pennygillam Way.

Plot 2 is in a prominent part of the site and is predominantly of hardstanding with boundary fences and a large recessed entrance. Divisions will be required to separate Plots 2 and 3 if they are sold separately. There are separate water, electricity and foul services to the Cabin Building which can serve Plot 2 if separated from Plot 3. Plot 2 could potentially be combined with part of Plot 3 if more warehouse space is required.
